Reasons for allowance

1. The following is an examiner's statement of reasons for allowance:

Applicant's claimed invention distinguished over the prior art for the following reasons. The claims are allowable over the prior art of record because none of the references, either alone or in combination, discloses or renders obvious the method for communications comprises of a polling agent for polling an electronic mailbox to retrieve unique identifiers (UID's) of electronic messages; and a database for storing the UID's resulting from the polling, wherein said polling agent is operative for issuing a STAT command to determine a total number of electronic messages on a mail server and comparing to a threshold based on the STAT command such that if the threshold is exceeded, the polling agent polls the electronic mailbox and retrieves only those UID's that are newer than the UID's from a previous polling to determine that new messages are available, said polling agent also operative for shortening a polling interval of the electronic mailbox when there is recent activity within the electronic mailbox to provide electronic mail to a user in near real-time.

Conclusion

2. Any comments considering necessary by applicant must be submitted no later than the payment of issue fee and, to avoid processing delays, should preferably accompany the issue fee.
